REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: regarding claim 1, the prior art does not suggest the system as claimed, including the combination of all the claimed elements, the combination including the first and second housings, each including at least one stackable terminal pin retaining layer which provide the ability to adapt the system to allow for unique wire harness subsystems as claimed. Regarding claim 16, the prior art does not suggest the system as claimed, including the combination of all the claimed elements, the combination including the male housing sub-assembly, the female housing sub-assembly, the open interior therebetween, the plurality of individual and stackable terminal pin retaining layers with said stackable pin retaining layers providing the ability to adapt the capabilities of the connector system to allow for unique wire harness subsystems to be quickly assembled. Regarding claim 17, the prior art does not suggest the system as claimed, including the combination of all the claimed elements, the combination including the male housing sub-assembly, the female housing sub-assembly engageable with said male sub-assembly to define an open interior therebetween, each of said male and female sub-assemblies further comprising a plurality of individual and stackable terminal retaining layers as claimed, with the stackable pin retaining layers providing the ability to adapt the capabilities of the connector system to allow for unique wire harness subsystems as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2833

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
